

Wrotham Road embraces children from all around the world. We live in a developing multi-cultural society and this is reflected in a range of cultures represented in the body of children in our school. There is a strong support network in the school to assist children who speak English as an additional language (EAL) and we are lucky to have translators who can provide a service for parents and families. Ofsted said "The welcoming atmosphere and well established routines mean that pupils who are joining the school, particularly those who speak English as an additional language, settle quickly and often make outstanding progress". In total we have over 30 different languages spoken by the families of children who attend Wrotham Road.

These include:-

Panjabi
Slovak
Polish

At Wrotham Road Primary School we believe it is polite to take an interest in one another's languages.

We are very lucky at Wrotham Road Primary to have lots of pupils and staff who can speak other languages and are happy to support one another. You can hear the languages being spoken around the school.
