

Online safety for primary school children

As your child gets older, and technology changes, make sure you continue talking about what they are doing online and how to stay safe.

- ✓ Talk about what they do online, what sites they visit and their favourite websites.
- ✓ Discuss safety rules and how much personal information they should share online.
- ✓ Make sure your child knows what to do if anything upsets them online and reassure them that they can come to you.
- ✓ Check who your child is playing online games with and that your child knows what information they can share with others.
- ✓ Use parental controls across all of the devices that your children have access to.
- ✓ Set 'Safety Mode' up on YouTube to help filter out explicit content.
- ✓ If you use Google, turn on Google '**Safe Search**' to filter sexually explicit content from your search results.
